Product Specifications:

(for Architects & Engineers)

The articulating wall mount for the large flat panel display shall be the Video Mount Products (VMP) PDS-LWA. The mount shall be designed to attach to 2 studs up to 24" apart or other suitable support surface. The mount shall be constructed primarily of formed steel and aluminum and shall incorporate arc welds. The mount shall be a universal style mount capable of adjusting to the dimensions of a variety of popular 42" to 70" flat panel displays and not necessarily be model specific. The adjustable mounting rails shall be capable of accommodating a maximum hole pattern of 950 mm wide and 530 mm tall. The mount shall be capable of tilting from -5° to +15°. The load capacity shall be 180 lbs.
