Product Specifications:

(for Architects & Engineers)

The wall flush mount for the large flat panel shall be the Video Mount Products (VMP) model PDM-F. The mount shall be designed to attach to 2 studs on with centers 12" to 20" or 24" apart or other suitable support surface.

The mount shall be constructed primarily of formed steel and shall incorporate arc welds and welded nuts. The mount shall be a universal style mount capable of adjusting to the dimensions of a variety of popular 42" to 63" large flat panel displays and not necessarily be model specific. The adjustable mounting plates shall open from 8.5" to 35" (left to right). The load capacity shall be 180 lbs.
