Product Specifications:

(for Architects & Engineers)

The wall/ceiling mount for the TV/monitor shall be a Video Mount Products (VMP) model VMP 014/024. The monitor mount shall be constructed primarily of tubular steel and shall incorporate nylon filled nuts and arc welds. The monitor mount shall be designed to allow adjustable tilt up to a maximum of 15° and must swivel 260° when wall mounted and 360° when ceiling mounted. The monitor mount shall have adjusting dimensions capable of holding a TV/monitor with screen sizes from 20" to 29". The mount shall open 17" to 32" (left to right) and open 15.75" to 26.25" (top to bottom). The monitor mount shall have an integrated clamping mechanism that will secure the monitor on all sides. The load capacity shall be 165 lbs. The monitor mount shall be UL listed in the United States and Canada.
